

## The Road to Trinity: Amalgamation Update

Since officially beginning this journey in the spring of 2023, we have witnessed steady and meaningful progress toward the amalgamation of Timothy Christian School Barrie and Simcoe County Christian High School Society (Unity Christian High School). We are grateful for the Lord's guidance and the strong support of our school communities as we move toward becoming one unified body.

Below are the most recent milestones in this process:

In May 2025, at the Spring Membership Meetings, both Timothy and Unity members voted to approve the Joint Venture Agreement. This important step allowed the two School Boards to begin meeting jointly in preparation for amalgamation. At the same meetings, members also approved the formal Amalgamation Agreement, establishing the foundation for the creation of Trinity Christian School Society (Barrie).

Also in May 2025, the new vision for the unified school was introduced:

"Trinity Christian School ignites passionate apprentices of Christ, rooted in a transformative faith and ready to thrive in an ever-changing world."

This vision continues to shape the direction and purpose of our shared future.

In the Fall of 2025, Unity members approved authorization for the Board to take the necessary steps toward the sale of the current Unity Christian High School property—an important move in aligning resources for the future.

As we entered 2026, further progress has continued. In January, the new tuition model for the 2026–2027 school year was announced, providing clarity and sustainability for families across both campuses. Throughout this year, work has also been underway to ensure that all corporate filings for both Timothy and Unity are fully up to date and compliant with Ontario's Corporate Information Act, an essential requirement for amalgamation.

Looking ahead, several key milestones are on the horizon. At the May 2026 Spring Membership Meetings, members will review and vote on the first combined budget for Trinity Christian School, reflecting operations across two campuses. At that same time, final ratification of the legal amalgamation date—August 1, 2026—will be presented for approval.

Following this, the application for Articles of Amalgamation will be filed with the provincial government on June 30, 2026.

On August 1, 2026, this long-anticipated milestone will be realized as the schools officially amalgamate into Trinity Christian School Society (Barrie).

Then, in September 2026, we look forward with excitement to the first school year of Trinity Christian School, operating as one unified community across two campuses.

---

This journey has required prayer, wisdom, and the faithful involvement of many. As we move closer to August, we give thanks for God's provision and look ahead with confidence to what He will continue to build through Trinity Christian School
